We were rockin' and rollin' on the river at La Paz Park in Parker September 30th. After the run from SARA park, the cruisers settled in for a day on the grass of cars, rock 'n roll music, raffle prizes galore, Tee Taylor's great burgers and dogs lunch, and endless conversation. Below left, checking the raffle ticket numbers, left center, a happy winner carting off her raffle winnings two at a time, right center, **Burgermaster Tee** at work, and at right the BBQ lunch line.

Our Run was supported by a great group of vendors. Our thanks to **Boyd Parcell**, dri wash, **Dave Bottomley** of Sweet Performance Products, **Greg Bowden** from Unique Auto Parts, and **Michael Ryan** representing Superior Transmission and Clutch.

A group of America's favorite sports cars arrived en masse with their Corvettes, and lined them up.

One Summer Night Cruisers cars are easily identified since most of them are red, except the few that aren't.

The OSNC wishes to thank all of the many businesses that helped us to help others through the Interagency Council. Without assistance, the Run would not have been the success that it was. Kudos also to the OSNC members that gave of time, materials, and money, and when that wasn't quite enough, gave some more. And, "lastly but not leastly," our appreciation to the clubs and the car folk that came and enjoyed the day with us, shared their beautiful vehicles, and ultimately provided the wherewithal for our Interagency donation.

Do you remember being young? Do you remember wanting something so badly you could taste it? And there was only a slim chance you might get it? Meet **Levi Swoger**, who lusted after this Hot Rod jacket being raffled off. He was helping out at the raffle ticket sales booth and keeping a close eye on "his" jacket for hours. Finally, the winning ticket was pulled and.... drum roll please.... Levi's number came up for this most excellent jacket donated by the **Dorsetts**. Note the happy grin.

The People's Choice award went to Mark Warnken of the Havasu Classics for this 1950 Mercury "Mercup", below.

Judy Winner (Really!), below, won the raffle grand prize LCD TV. It's a good thing that it wasn't a big-screen. Corvette trunks are small.
